The appointment of Dr. O.H. Koenigsberger as Architect was subject to the following terms:-

1. Term of appointment:- One year in the first instance and for 5 years more with the status of an Executive Engineer. The appointment is terminable with six months' notice on either side.
2. Pay on confirmation:- Rs.450-50/2-800.
3. Leave:- As per Mysore Service Regulations.
4. Travelling Allowance:- II Class passage and I class fare in India.

11/6 M 2
K
The six-year period expired on 13-4-1945 and Government approved his term of appointment being extended by another two years from 14-4-1945. But His Excellency the Crown Representative has sanctioned his employment in the State for one year from 14-4-1945.

S & T
Dr. Koenigsberger feels that it is not possible to accept short term extensions and that if he is to forego the benefits of permanent appointment, his salary has to be substantially increased. The Chief Engineer has recommended that the Architect may be granted a special grade of Rs.800-50/1-1000 on the proviso that his whole time is devoted exclusively for Government work and no private work is permitted.

C
The question was considered at a meeting of the Council on 12-6-1945 when it was resolved that:

"Dr. Koenigsberger may be given the revised grade Rs.800-50/1-1000. He will be a permanent wholetime employee of Government (subject to sanction of the Government of India from year to year, so long as this procedure remains in force)."

I solicit the gracious sanction of His Highness to the Resolution of the Council.

30th June 1945.

MINISTER FOR PUBLIC WORKS AND INDUSTRIES.

D. O. No. P.C. 705

Dear Mr. Joshi,

Employment of Dr. O. H. Koenigsberger, a German
Architect, in the Mysore P. W. D.

With reference to your letter No.P.W.5051 dated 14th March 1945 communicating sanction of His Excellency the Crown Representative for the employment of Dr. O. H. Koenigsberger, Architect, by the Mysore Government for a further period of one year from the 14th April 1945 under the existing terms, I enclose herein, for kind perusal of Government, a letter received from Dr. O. H. Koenigsberger.

His record of work during the last 5½ years has been quite satisfactory and his work in connection with designs for buildings and town planning, and particularly Industrial Suburb, has been of much use to the Department. At present, there are various schemes under the buildings programme and the town planning work all over the State has been transferred over to him, as per G.O. No.P.W.5434-39 dated 26th March 1945 -- para 7, He is at present the Secretary of the Town Planning Committee under the Chief Engineer for Roads & Buildings, who is the Director of Town Planning.

The duties that he has been carrying on at present and he is expected to shoulder in the near future are of an onerous and responsible nature and therefore the Chief Engineer for Roads & Buildings and myself consider it very essential that the terms under which he is to continue have to be modified. We are of the opinion that his pay may be fixed in a special grade of Rs 800-50/1-1000 and he must devote his whole time for Government work only and should not be permitted to take up any private work.

I request that you will be so good as to place this before Government and obtain their orders on this proposal.

Yours sincerely,

M. Narasimhaiya

K. D. Joshi, Esq., M.A., B.E., etc.,
Secretary to Government,
P. W. Department, Bangalore.

Letter dated 26-12-1944 from Dr.O.H.Koenigsberger, Government Architect, to the Chief Engineer for Irrigation.

I write to thank you for your D.O. letter No.C.81/1 dated 5th December 1944 regarding the continuation of my service and to state that it is not possible for me to accept another short term extension of my appointment under the present conditions. If I am to forego the advantages of a permanent appointment in the service of the Government of Mysore like general security, pension, provident fund, insurance etc., I feel that I am justified to request that my salary should be substantially increased.

If, however, the record of my past 5½ years service is such that Government would like to retain my services as permanent officer, the matter of the consent of the British Crown Representative need not be an obstacle. I shall be glad if Government agrees to confirm my appointment subject to the approval of the Hon'ble British Resident in Mysore to be obtained annually as before until I acquire British or Mysore citizenship.

In the case of a permanent appointment the question of permission to do private work would arise. There is ample scope in connection with architectural, town planning and teaching work to fill my time, and I believe that it would be to the advantage of the State if Government could pay for my full working power inside and outside office hours, instead of leaving it to me to make up the deficit in my income by private work.

I have taken the opportunity to interview the Dewan and the Minister for Public Works about the above questions and to mention to them my views in the matter.

Dear Sir,

The contract under which I am appointed as Architect to the Government of Mysore expires on 13th April 1945.

In your D.O. No. 267, dated 1 - 12 - 44, you were kind enough to inform me that Government wished to extend the present terms of my appointment for a period of two years (vide P.W.D. No. 3044, dated 30 - 11 - 44).

In my D. O. No. 1329, dated 2 - 12 - 44, I have requested you kindly to inform the Government that I am not prepared to accept this proposal.

No further communication or order of Government in this matter has been received since in this office.

Under these circumstances I request you kindly to let me know whether I am to hand over charge on 13th instant, or whether I am desired to carry on the duties of the Government Architect until the matter is decided.
